Declaration of Compliance with German Export-Control Regulations

I am aware that the results of research employing HPC systems may be subject to European export-control regulations.

I hereby declare that I have read Council Regulations (EC) No 428/2009 of 5 May 2009 including its annexes and subsequent amendments. Links to the regulations and their amendments are available at:

http://www.bafa.de/DE/Aussenwirtschaft/Ausfuhrkontrolle/Rechtsgrundlagen/rechtsgrundlagen_node.html

I declare that I have read the current List of Embargoes, available at:

http://www.bafa.de/DE/Aussenwirtschaft/Ausfuhrkontrolle/Embargos/embargos_node.html

I have verified that the results achieved in any of my projects using the HPC resources of the Leibniz-Rechenzentrums (LRZ) are not subject to currently effective export-control or dual-use regulations. In particular:

- I affirm that the results achieved in the projects are not covered by items listed in Annex I of Council Regulation (EC) No 428/2009 and its amendments or in Part I of the export-control list.
- I affirm that the results are not related to activities described in Article 4 (1) of Council Regulation (EC) No 428/2009 and its amendments.
- In case a project member is a citizen of a country under an arms embargo, I affirm that the results of the project research are not associated with military use as described in Article 4 (1) and (3) or Article 4 (2) of Council Regulation (EC) No 428/2009 and its amendments.
- I affirm that the results do not violate any embargo regulations.

I will notify the LRZ and the master users responsible for me of any relevant change in my projects without delay.
